PERSONAL PROFILE

I fell in love with programming as a teen when I taught myself BASIC on a Commodore 64. I have held numerous and varied jobs over the years, but have decided to go back to my first love and, after getting my certification in computer programming from Southwest Technical College, I am now seeking employment as a programmer.

EDUCATION

- Southwest Technical College (Cedar City, UT)
Earned Computer Programming certificate (C++, Java, Python, Swift)
- Mississippi State University (Mississippi State, MS)
Took general education courses
- Louisville High School (Louisville, MS)
Graduated with honors

ADDITIONAL SKILLS

- HTML, MySQL
- Excellent oral and written communication skills
- Mathematical proficiency (up to college algebra, geometry, and basic calculus)
- Problem solving and logic skills (including the ability to “think outside the box”)
- Attention to detail

EXPERIENCE

- Driver for Gannet Publishing (Cedar City, UT)
November 2016 – December 2016
- Produce Associate for Walmart (Saint George, UT)
September 2016 – November 2016
- Web and Social Media Programmer for Bullock Toyota (Louisville, MS)
October 2015 – January 2016
- Security Guard for Vescom Security (Louisville, MS)
October 2005 – October 2015
