## PERSONAL PROFILE

I fell in love with programming at 16 when I taught myself BASIC on a Commodore 64. I have held numerous and varied jobs over the years, but have decided to go back to my first love and I am seeking employment as a computer programmer.

## EDUCATION

### Southwest Technical College (Cedar City, UT)

- Computer Programming (C++, Java, Python, Swift)

### Mississippi State University (Mississippi State, MS)

- Computer Engineering

### Louisville High School (Louisville, MS)

- Graduated with honors

## ADDITIONAL SKILLS

- Excellent oral and written communication skills
- Mathematical proficiency (up to college algebra, geometry, and basic calculus)
- Problem solving and logic skills (including the ability to “think outside the box”)
- Attention to detail

## EXPERIENCE

### Driver for Gannet Publishing (Cedar City, UT)

November 2016 – December 2016

### Produce Associate for Walmart (Saint George, UT)

September 2016 – November 2016

### Web and Social Media Programmer for Bullock Toyota (Louisville, MS)

October 2015 – January 2016

### Security Guard for Vescom Security (Louisville, MS)

October 2005 – October 2015
